

The London Textile Fair

OCTOBER 2020

SHOWROOM

The London Textile Fair Showrooms have just come to an end following a very successful four week presence at the Business Design Centre, Islington.

Due to the ongoing restrictions on events the decision was made to restructure the format of the show and of course introduce new measures to ensure safety of all attendees.

The event consisted of five showrooms, hosting 20 different mills over the course of the month. The showrooms were received well by both exhibitors and visitors and have decided to move forward with this format for the January edition due to the government restrictions that are in place.

The following event will take place once again at the Business Design Centre from Monday to Friday (10 am - 5 pm). Visitors will be asked to make appointments directly with exhibitors. For more information head to the website at <https://www.thelondontextilefair.co.uk/showroom-registrations/>

“The showroom format is a brilliant way for us all to keep on keeping on, and to fulfil the need to show our collections to clients and meet colleagues and friends face to face.” **Howard Blumenthal - Textiles agent for Deveaux.**
